

Graduation Policy

Section 1 - Requirements for Graduation

Course Completion

Part A - General Requirements - All Courses

(1) Students must complete to the satisfaction of the Faculty, the requirements for the course as specified in the academic policies for the course published in the [University Handbook](#) and elsewhere.

(2) For the purpose of this Policy, students have not completed requirements for an award until all Grade Pending (GP) grades are converted.

Part B - Programs Leading to Double Degrees

(3) In relation to a program leading to a Type 1 double degree (where a student graduates with two awards), a student who completes requirements for the award of one of the degrees of the program before completing the whole program, may not graduate with that award before the completion of the program. However a student who withdraws from or is excluded from a program leading to a Type 1 double degree and who has completed requirements for the award of one of the degrees of the program, may be awarded that degree.

(4) A student in a Type 2 double degree program will not be able to graduate from either of the degrees individually, as the degrees are not permitted to be offered separately to the double degree.

Part C - Articulated Sets of Courses

Definition

(5) For the purposes of this Policy, an articulated set of courses is a set of courses which are nested, meaning that all subjects (core or elective) comprising the courses earlier in the articulated sequence are included in each successive course within the set, such that earlier courses within the sequence comprise the first component of the next course in the set.

(6) Examples include:

- a. diploma course which incorporates a university certificate course; or
- b. bachelor degree course which incorporates a university certificate and/or an associate degree or advanced diploma or diploma or associate diploma course or other bachelor course; or
- c. graduate diploma course which incorporates a graduate certificate course; or
- d. master degree course which incorporates a graduate diploma and/or graduate certificate course; or
- e. professional doctorate course which incorporates a master degree course.

Withdrawal/Exclusion

(7) A student in a course that is one of an articulated set of courses who withdraws from or is excluded from the

course may apply to graduate with that award if all course requirements have been met, and subject to any credit limits that apply in that situation and the payment of a differential fee where this is required.

(8) A student eligible for such an award may choose to have it conferred at a graduation ceremony or in absentia at an ordinary meeting of the University Council.

Multiple Awards

Articulated Sets - Entry Into Final Course in Sequence

(9) A student who is admitted to the final course in the sequence of an articulated set of courses or to a course which offers exit points may apply to graduate with an earlier award within the sequence upon completion of the course's requirements, whilst continuing in the later course within the sequence, and the following conditions shall apply:

- a. any credit limits that apply to the earlier course within the sequence (refer to the [Credit Policy](#) for details of credit limits);
- b. the student must apply to graduate from the earlier course within the sequence by the Census Date of the session in which the requirements of that course will be met;
- c. the student must pay a graduation fee for this earlier award in the sequence, the amount of which is specified annually by Division of Student Administration;
- d. the student must pay any differential fee required;
- e. the student may elect to have the award conferred at a graduation ceremony; and
- f. the student's transcript for the earlier award in the sequence shall show the subjects completed, the grade for each subject and the session in which each subject was completed and the student's transcript for any later courses within the sequence shall show on them as graded credit, the subjects that were counted for the lower level award(s).

Articulated Sets - Entry Into Preliminary Course in Sequence

(10) A student who is admitted to an earlier course in an articulated sequence of courses may graduate with the award for that course subject to the following conditions, even though the student may continue immediately into the next course within the sequence:

- a. the student must apply to graduate with the earlier award by the Census Date in the final session of enrolment in that course in accordance with section 2;
- b. the student does not have to pay the graduation fee or the differential fee; and
- c. the student's transcript for the earlier award in the sequence shall show the subjects completed, the grade for each subject and the session in which each subject was completed, and the student's transcript for later courses in the sequence shall show on them as graded credit, the subjects that were counted for the lower level award(s).

Part D - Bachelor/Bachelor (Honours) Courses

(11) A student who completes requirements for the award of a Bachelor degree in one session and is admitted to a Bachelor (Honours) course in the next consecutive session, may apply to graduate with the Bachelor award.

(12) A student who chooses to graduate with the Bachelor award may do so at a graduation ceremony or in absentia at an ordinary meeting of the University Council.

Part E - Aegrotat and Posthumous Awards

(13) A student in a coursework or research higher degree program who sustains a permanent incapacitating injury or illness or who dies before they are able to complete their studies may be eligible to have their award conferred as an aegrotat or posthumous award.

(14) The requirements pertaining to the conferral of an aegrotat or posthumous award are detailed in the [Awards Policy - Aegrotat and Posthumous Conferral](#) and in other clauses in this Policy.

Coursework Programs

(15) At the time of the injury, illness or death, the student must have had normally not more than the equivalent of one session of full time study remaining to complete their studies and be eligible to graduate.

(16) In addition the student's results whilst undertaking the award must be such that it is reasonable to conclude that they would have successfully completed the award and be eligible to graduate.

Research Higher Degree Programs

(17) At the time of injury, illness or death, the student must have completed sufficient literature reviews, laboratory work, papers and publications and thesis drafts or other assessable evidence to indicate that, had the death or incapacity not intervened, he or she would have satisfied requirements for the program.

(18) In addition, the student's research whilst studying at the University was such that it is reasonable to conclude that the student would have successfully completed the research higher degree program and qualified for the award in question.

Discharge of Obligations

(19) To be eligible to graduate, a graduand shall discharge all obligations and indebtedness to the University to the satisfaction of the Executive Director, Division of Student Administration. For the purposes of this clause "to graduate" means to receive a testamur and final transcript and attend a graduation ceremony.

Application to Graduate

(20) To be eligible to graduate, students must submit an [Application to Graduate](#) Form.

Aegrotat and Posthumous Awards

(21) Students who are eligible to have their award conferred in aegrotat or posthumously are not required to complete an application to graduate form.

Section 2 - Applications for Graduation

Part F - Application to Graduate Form

(22) Students must apply to graduate on an [Application to Graduate](#) Form. The completed form should be returned to the Division of Student Administration by the date published in the [Graduation Policy - Principal dates](#).

(23) Students enrolled in articulated courses who wish to apply to graduate with an earlier course within the articulated sequence shall notify the Division of Student Administration of their intention to apply to graduate.

(24) Other students shall normally be sent an [Application to Graduate](#) form by the Division of Student Administration's

at the end of their anticipated last session of enrolment.

Part G - Late Applications

(25) Late applications must be accompanied by the prescribed late fee.

(26) At the Executive Director, Division of Student Administration discretion, some late applications may be deemed too late for processing in time for the annual graduation ceremonies. In such cases, a late fee is not charged and the graduands may choose either:

- a. to defer their graduation until the graduation ceremonies in the following year; or
- b. to have their awards conferred in absentia at the next ordinary meeting of the University Council.

(27) Graduands who choose the latter option will not receive their award at a graduation ceremony.

Part H - Mid Year Applications

(28) Graduands who complete their course during the middle of a calendar year will graduate in August or December of that year unless they elect to have their award conferred earlier (in absentia) at an ordinary meeting of the University Council. Note: graduands who elect to have their award conferred in absentia do not attend the University Council meeting at which the award is conferred. The testamur is posted to the graduate following the University Council meeting. Refer to Section 4 of this Policy.

Part I - Deciding Applications

(29) The Executive Dean on the recommendation of the Course Director or Course Coordinator will satisfy himself/herself that students in a particular undergraduate or postgraduate coursework course have satisfactorily completed all course requirements and will recommend to the University Council that the award be conferred. In the case of research higher degrees, the Research Committee will satisfy itself that students have satisfactorily completed all course requirements and recommend to the University Council that the award be conferred.

Aegrotat and Posthumous Awards

Coursework Course

(30) The Executive Dean on the recommendation of the Course Director or Course Coordinator will satisfy himself/herself that the student had normally no more than the equivalent of one session of full time study remaining to complete their award, that it is reasonable to conclude that the incapacitated or deceased student would have successfully completed the course had they not suffered the injury, illness or died and that conferral of the award will not cause offence or undue stress to relatives of the student, the incapacitated student or others within the University or community and will recommend to the University Council that the award be conferred.

Research Higher Degree Programs

(31) The Research Committee will satisfy itself that the student has completed sufficient literature reviews, laboratory work, papers, publications and thesis drafts or other assessable work to indicate that, had the injury, illness or death not occurred, the student would have satisfied the requirements for the award and that conferral of the award will not cause offence or undue stress to relatives of the student or others within the University or community and will recommend to the University Council that the award be conferred. (Refer to the [Awards Policy - Aegrotat and Posthumous Conferral](#).)

Part J - Notification

(32) Graduands will be advised in writing by the Division of Student Administration that they have completed all course requirements and will be given information about their graduation options.

Part K - Graduation Ceremonies

(33) Graduands who choose to graduate at a Graduation Ceremony will be expected to graduate at the appropriate ceremony held at the campus through which they were enrolled. Graduands who wish to graduate at another campus, must apply on the Application to Graduate form to do so. Such applications will be decided by the Executive Director, Division of Student Administration.

Part L - Graduation with a Double Degree

Where One Faculty is Involved

(34) For a Type 1 double degree i.e. a double degree where the student takes out two awards and therefore two testamurs. Where both degrees are offered by the one Faculty, the student:

- a. will receive both degrees at the Faculty graduation ceremony; and
- b. will be listed in the graduation program under the double degree.

(35) For a Type 2 double degree i.e. a degree leading to only one award, but which meets the requirements of two separate degree areas. Where both degree areas are from the one Faculty, the student:

- a. will receive the degree at the Faculty graduation ceremony; and
- b. will be listed in the graduation program under the double degree.

Where Two Faculties are Involved

(36) For a Type 1 double degree i.e. a double degree where the student takes out two awards and therefore two testamurs. Where the degrees are offered by different Faculties, the student:

- a. will be listed in the program for both faculties under the double degree; and
- b. will attend both Faculty graduation ceremonies and receive each degree separately; or
- c. will attend only one ceremony in which case the testamur for the other degree will be enclosed with the testamur presented at the ceremony.

(37) For a Type 2 double degree i.e. a degree leading to only one award, but which meets the requirements of two separate degree areas. Where the degree areas are from different Faculties, the student:

- a. will be listed in the program for both faculties under the double degree; and
- b. will attend only the Faculty graduation ceremony for the Faculty which owns the Type 2 double degree.

Part M - Graduation and the Phasing Out of Courses

(38) During the period that a course is being phased out, students in the (old) course may be invited to transfer to a new course which leads to a different award at the same level as the old course. Such students will be invited to transfer to the new course and will be granted credit for all subjects completed in the old course.

(39) At the time of such an invitation to transfer, those students who have completed the old course but have not

graduated from it may apply to the Executive Director, Division of Student Administration to graduate with the award of the new course. Such applications will be approved by the Executive Dean or the Executive Deans delegate.

Section 3 - Graduation Ceremonies

Part N - Australian Graduands

(40) Australian graduands who elect to graduate at a graduation ceremony will be expected to attend the ceremony appropriate to their course held on the campus through which they were enrolled. Australian graduands who wish to attend a ceremony on another campus shall apply to do so on the [Application to Graduate](#) form. Such applications shall be decided by the Executive Director, Division of Student Administration.

Part O - International Graduands

(41) International graduands who elect to graduate at a graduation ceremony may choose to attend the relevant ceremony at the campus through which they were enrolled or an offshore ceremony. International students shall indicate on the form sent to them which ceremony they wish to attend.

(42) International graduands who complete their course at an overseas location shall be invited to attend an offshore graduation ceremony. If an offshore ceremony is not available in their home country they will be invited to attend the ceremony held (in December each year) on the campus through which they were enrolled.

Part P - Graduation Through the Council

(43) Graduands, except for Doctoral graduands, who elect to and are graduated at an ordinary meeting of the University Council rather than at a graduation ceremony, may not later elect to graduate at a ceremony.

(44) Doctoral candidates who have graduated at an ordinary meeting of the University Council will be permitted to elect to participate in a graduation ceremony and will receive a certificate of participation at the ceremony. The names of all doctoral candidates who have graduated in absentia will be listed in the next annual graduation ceremony program (whether or not they have elected to attend the ceremony).

(45) Graduation through the Council is in absentia. That is, the graduand does not attend the University Council meeting at which the award is conferred.

Aegrotat and Posthumous Awards

(46) Aegrotat and Posthumous awards may be conferred in absentia at an ordinary University Council meeting. (Refer to the [Awards Policy - Aegrotat and Posthumous Conferral](#)).

Part Q - Graduating with Two Awards

(47) Graduands who are eligible to receive two awards shall be subject to one of the two clauses 52-53.

Where One Faculty is Involved

(48) Where both awards are offered by the one Faculty, the graduand:

- a. will receive both awards at the Faculty graduation ceremony;
- b. will be listed in the graduation program twice (once under each award to be conferred); and
- c. may elect to be called onto the stage twice to receive each testamur separately.

Where Two Faculties are Involved

(49) Where the awards are offered by different Faculties, the graduand may elect to:

- a. attend both Faculty graduation ceremonies and receive each award separately; or
- b. attend only one ceremony in which case only the award for that Faculty will be listed in the program and presented. The testamur for the other award and a copy of the relevant graduation program will be enclosed with the testamur presented at the ceremony if the graduation ceremony for the other Faculty has already been held. If the graduation ceremony for the other Faculty is to be held at a later date, then the testamur and program for the ceremony will be mailed to the graduate.

Part R - Aegrotat and Posthumous Awards

(50) Where an award is to be conferred in aegrotat or posthumously, the incapacitated student (if they are able to attend) or a relative of the student will be invited to attend the graduation ceremony at which the student would otherwise have been expected to graduate had they not suffered the injury, illness or death and to receive the award on behalf of the student. Where a relative is to receive the award on behalf of a student, they will be encouraged to sit with other graduands participating in the ceremony but they may sit with family and friends if they prefer to do so.

(Refer to the [Awards Policy - Aegrotat and Posthumous Conferral](#)).

Section 4 - Deferment of Graduation

(51) Deferment of graduation is only permitted for mid-year completion students. Such students may choose to attend the relevant August graduation ceremony or may defer their graduation until the December graduation ceremonies. Students who complete their course after the middle of the year are not permitted to defer graduation. Such students are expected to graduate at the December graduation ceremonies, unless they elect to have their award conferred earlier (in absentia) at an ordinary meeting of the Council (Note: graduands who elect to have their award conferred in absentia do not attend the Council meeting at which the award is conferred. The testamur is posted to the graduate following the Council meeting).

Section 5 - Graduation with Honours or Distinction

Part S - Honours

Bachelor (Honours)

(52) Students may graduate with a Bachelor (Honours) award upon successful completion of an Honours course. For Bachelor (Honours) the University awards Honours in the following classes:

Class 1
Class 2, Division 1
Class 2, Division 2
Class 3

Master (Honours)

(53) Due to requirements of the new Academic Qualifications Framework (AQF), Master (Honours) programs will no longer be offered. Students in existing Master Honours programs may complete their enrolment within that course.

(54) Levels of honours (class 1, etc.) do not apply to Master (Honours) programs.

Part T - Distinction

(55) Students graduating from eligible courses (refer clause 56) who have achieved a grade average of Distinction in their course as measured by a Grade Point Average (GPA) shall graduate With Distinction.

Eligibility

Eligible Courses

(56) Only students graduating from courses comprising 64 points or more and which are not Honours courses or Doctoral programs (including research or coursework professional doctoral programs) shall be considered for an award With Distinction. This includes students graduating with a Bachelor Award from a course which offers an add-on Honours year, and students enrolled in a specialisation comprising 64 points or more within a course.

Minimum Requirement

(57) Students in eligible courses (refer clause 59) who have completed a minimum of the equivalent of one year's full-time study at Charles Sturt University shall be considered for an award With Distinction.

(58) Students in eligible courses (refer clause 59) who have completed less than the equivalent of one year's full-time study of their course at Charles Sturt University shall be considered for an award With Distinction if the student has achieved a Distinction-average (or equivalent as determined by the Executive Dean) in their studies for which the credit was granted.

(59) Eligible courses are those courses comprising 64 points or more that are not Honours courses (refer clause 56).

Articulated Sets of Courses

(60) Students graduating with the final award in an articulated / nested sequence of courses shall be eligible to graduate With Distinction if, by calculating the grades for all subjects credited towards the final award, including all subjects attempted within the articulated / nested sequences, they achieve a grade point average of Distinction.

Bachelor of Education

(61) Students in the Bachelor of Education (4th year) course may graduate with Distinction if they perform at the appropriate standard in the course, irrespective of the standard at which they performed in the Diploma of Teaching or Bachelor of Teaching or other course which qualified them for admission to the Bachelor of Education (4th year) course. (This clause will not apply to students commencing this course in or after Autumn Session (Trimester 1) 2002.)

Part U - Grade Point Average (GPA)

Calculating The GPA

(62) A numeric value is assigned to each grade:

High Distinction	7
Distinction	6
Credit	5
Pass	4
Terminating Pass	3

Fail	0
Fail Withdrawn	0

(63) The GPA is calculated as follows: for each subject, the numeric value of the grade obtained is multiplied by the point value of the subject. The sum of the figures thus obtained is then divided by the sum of the point values of the subjects.

(64) This can also be expressed in the formula:

$$\text{GPA} = \frac{[(\text{point value of subject}) \times (\text{numeric value of grade})]}{(\text{point value of subject})}$$

(65) The GPA is calculated correct to two decimal points. The maximum GPA is 7.00; the minimum GPA is 0.00.

(66) A GPA of 6.00 or higher is required for graduation With Distinction.

Subjects Included in The GPA

(67) All subjects graded:

HD	High Distinction
DI	Distinction
CR	Credit
PS	Pass
PT	Terminating Pass
FL	Fail
FW	Fail Withdrawn

which are a part of the course, shall be included in the calculation of the GPA. This includes:

- a. subjects for which graded credit has been approved; and
- b. failed subjects which may have been passed at a later attempt.

Subjects Not Included in the GPA

(68) Subjects not included in the calculation of the GPA include:

- a. subjects for which ungraded credit has been granted;
- b. subjects which are additional to course requirements; and
- c. subjects which are graded:

SY	Satisfactory
US	Unsatisfactory
AW	Approved Withdrawal
IP	In Progress
NA	Not Assessed

TA	To be Assessed
AA	Additional Assessment
GP	Grade Pending
SX	Supplementary Exam
AE	Additional Examination
H1	Bachelor Honours Project / Dissertation Class 1
H2a	Bachelor Honours Project / Dissertation Class 2, Div 1
H2b	Bachelor Honours Project / Dissertation Class 2, Div 2
H3	Bachelor Honours Project / Dissertation Class 3.

Undistinguished Session

(69) Provided a student who is otherwise eligible, achieves the required GPA, the student shall graduate With Distinction: an undistinguished session of failure or low passes or the repeated failure of a subject shall not prevent graduation With Distinction.

The Old GPA Formula

(70) The formula for calculating the GPA specified above was introduced in Autumn Session 1997. Students who commenced their courses prior to 1997, who are otherwise eligible for an award With Distinction, shall graduate With Distinction if their GPA is 6.0 or higher on the new scale or if their GPA is 75% or higher as calculated below.

(71) A numeric value is assigned to each grade:

High Distinction	4
Distinction	3
Credit	2
Pass	1
Terminating Pass	1
Fail	0
Fail Withdrawn	0

(72) The GPA is calculated as a percentage using the formula:

$$\text{GPA (\%)} = \frac{[(\text{point value of subject}) \times (\text{numeric value of grade})] \times 100}{$$

$$[(\text{point value of subject}) \times 4]}$$

(73) The GPA is calculated correct to two decimal points.

(74) A GPA of 75.00% or higher is required for graduation With Distinction.

Relaxation of GPA Requirements

(75) The requirement that a student otherwise eligible for consideration for an award With Distinction shall achieve a GPA of 6.00 (75% using the old formula) shall be lowered to a minimum of 5.65 (70% using the old formula) provided that no more than five percent of students in a particular course graduate With Distinction after the application of this

clause.

(76) Note: This clause only applies to students who complete their courses by the end of Spring session 2002 or Trimester 3, 2002.

Part V - Awards With Distinction

(77) Graduation With Distinction is recorded on a graduate's testamur (degree, diploma, certificate) and on the final transcript of academic record. The words "With Distinction" however do not form part of the nomenclature of an award even though the graduate may cite the award With Distinction.

(78) Any student who graduates With Distinction from a course and at a later time is admitted to and graduates from the Honours year for that course, will be advised that the correct nomenclature of their course is Bachelor of (Honours) and that "With Distinction" is redundant and should not be cited.

Section 6 - University Medal

(79) The award of an undergraduate University Medal is the highest honour the University Council can confer on graduands of the University. A University Medal recognises outstanding academic performance in a student's studies at Charles Sturt University. A University Medal inscribed with the graduand's name, the course, the type of medal and the year in which it is awarded. Medals are awarded at the appropriate graduation ceremony.

Part W - University Medal Types

Undergraduate University Medal

(80) Any student graduating from a Charles Sturt University bachelor degree, in which at least 64 points of study were completed at Charles Sturt University, and whose GPA is 6.75 or higher, will be awarded an Undergraduate University Medal.

Postgraduate University Medal

(81) Any student graduating from a Charles Sturt University coursework Masters course, in which at least 64 points of study were completed at Charles Sturt University, and whose GPA is 6.75 or higher, will be able to receive the Postgraduate University Medal.

(82) A maximum of two Postgraduate University Medals per Faculty may be awarded in each academic year. Where a student is enrolled in a degree shared by more than one Faculty, they may only be awarded a single medal for the degree.

Bachelor Honours University Medal

(83) A maximum of one Bachelor Honours University Medal per Faculty will be awarded in each academic year to honours students who have completed at least 64 points of study at Charles Sturt University or with one of its partners. To be eligible students must achieve Class 1 as an overall grade for the honours course, and at least one examiner is required to indicate that the students' thesis or dissertation is at a level consistent with the award of a University Medal. Where a student is enrolled in the degree shared by more than Faculty, they may only be awarded a single medal for the degree.

Higher Degree by Research University Medal

(84) A maximum of one eligible Doctoral and one Masters by Research student per Faculty may be awarded a Higher Degree by Research University Medal, on the basis of the assessment by at least two examiners that their thesis is at

a level consistent with the award of a University Medal. Where a student is enrolled in a degree shared by more than one Faculty, they may only be awarded a single medal for the degree.

Charles Sturt Medal

(85) Each Faculty may nominate an undergraduate or postgraduate coursework student (normally one student only, from the Faculty) for the awarding of the Charles Sturt Medal. This medal will be awarded on the basis of academic achievement and citizenship.

Part X - Conditions of the Award of a University Medal

Limitation of Number Awarded

(86) The maximum number of medals permitted for each type of University Medal is detailed in Part W.

(87) Where the person or body responsible for determining medal winners wishes to award a greater number than permitted under Part W, they must make a case for doing so to the University Medals Committee.

Selection of Medal Winners

(88) Postgraduate Medal winners will be approved by the University Medals Committee, on the advice of the Executive Dean of each Faculty, using criteria specified in Part W.

(89) Bachelor Honours University Medal winners will be selected by the University Medals Committee, on the advice of the Executive Dean of each Faculty, using criteria specified in Part W.

(90) Higher Degree by Research University Medal winners will be approved by the University Medals Committee, on the advice of the Research Committee of Academic Senate, using criteria specified in Part W.

Part Y - Guidelines for the Preparation of Nominations for the Award of a Charles Sturt Medal

(91) Nominations for the award of a Charles Sturt Medal shall focus on a student's academic performance and on the way in which the student has demonstrated a significant commitment towards the University's motto 'for the public good'.

(92) The University Medals Committee shall determine the winner of the Charles Sturt Medal from each Faculty, based on a submission from the Executive Dean detailing the student's eligibility.

(93) A student completing a degree shared by more than one Faculty can only be awarded one Charles Sturt Medal for their achievements.

Part Z - Guidelines for the Preparation of Nominations for the Award of a University Medal

(94) Nominations for the award of a University Medal shall focus on a student's academic performance and not on other achievements, however meritorious they may be.

(95) Where a Faculty puts forward more than one nomination for the award of a University Medal, the nominees should be ranked by the Faculty.

(96) Nominations from Faculties should address the following criteria:

- a. the grade point average of the nominee;
- b. details of prizes and/or scholarships won by the nominee whilst completing the course relevant to the nomination;
- c. if applicable, details of outstanding performance in practical components of the course undertaken by the nominee;
- d. comments on aspects of academic performance that may not be apparent from the grades obtained by the nominee;
- e. details of papers written by the nominee for seminars, conferences or journals;
- f. details of work of a professional nature undertaken by the nominee either within or outside the University;
- g. in relation to honours students, the examiners' recommended mark/grade for the thesis, dissertation or project and appropriate excerpts from the examiners' reports that attest to the excellence of the research; and
- h. any other relevant information related to the nominee's academic performance or professional involvement.

Section 7 - Testamurs

Part AA - Testamurs

(97) Upon graduation from an award course, graduands will receive a testamur bearing:

the graduand's full name; the name of the award as recorded on the University Register of Approved Awards and Courses; the course and specialisation if applicable; the words "with distinction" if the graduand has the required record; the words "Honours Class....." if the graduand has completed a Bachelor (Honours) course; the date of the award; the signatures of the Chancellor, the Vice-Chancellor, and the University Seal.

Testamurs in Languages Other Than English

(98) Where a course of the University has a language other than English as its primary language of study, all text on the testamur except for the words "Charles Sturt University" (including the University's logo) shall be in the primary language of study.

Testamurs for Aegrotat and Posthumous Awards

(99) The wording on the testamur for aegrotat and posthumous awards will be the same as for other testamurs.

Part BB - Graduands' Names on Testamurs

Evidence of Name May be Required

(100) In determining the name to appear on a graduand's testamur, the University may require the graduand to provide one of the following documents as evidence of a name change. Appropriate documents to verify an Australian Citizen's identity are issued by Australian State or Territory Registry of Births, Deaths and Marriages (RBDM). These include:

- a. a copy of his/her birth certificate or extract certificate; or
- b. a copy of a marriage certificate (or verified overseas equivalent); or
- c. change of name certificate or citizenship certificate.

(101) Graduands who are not Australian citizens must, in the first instance, use a verified copy of their current passport to confirm their legal name. Where the graduand is residing offshore and they do not possess a current passport from the country of citizenship, that student must instead use their government issued national identity papers to verify their full name. Verification of document authenticity may be required.

(102) The Executive Director of the Division of Student Administration may decide to accept alternate documents to evidence changes of names in exceptional circumstances.

Full Name to be Shown

(103) Subject to the other clauses of this Policy, a graduand's full legal name will be recorded on the testamur. A full legal name comprises all given names and a family name.

Omissions and Short Forms

(104) A graduand may not choose to omit a given name from his/her testamur but may substitute a given name with the initial of that name (refer clause 108-109).

(105) A graduand may not choose to substitute a short form of a given name for that given name.

Initials for Given Names

(106) A graduand may choose to have one or more of his/her given names recorded as an initial only provided that at least one given name is recorded in full on the testamur. This clause applies to the first given name as well as "middle names".

(107) A family name must be recorded in full, it cannot be recorded by initial only.

Order of Names

(108) Given names will generally precede the family name on a testamur. A graduand from a culture where the family name precedes the given names may choose to have his/her name recorded with the family name first or last.

(109) The order of given names will be as listed by a graduand on the Application to Graduate form.

Suffixes

(110) A suffix which forms part of a graduand's legal name and distinguishes the graduand's name from the same name used by his/her father/mother or serves some similar purpose will be recorded on the testamur.

Non-English Names

(111) The testamur of a graduand with non-English names which, when written in their native language are not written using the English alphabet, will bear the English transliteration of the graduand's name.

(112) The testamur of a graduand with non-English names which, when written in their native language are written using English alphabetic characters, some with accents, the accents will be recorded as part of the name where it is technically possible to do so.

Australian Aboriginal Names

(113) A graduand who is an Australian Aboriginal or Torres Strait Islander who has both an English name and an Aboriginal name may choose to have both names recorded on his/her testamur. The order in which the two names are printed on the testamur will be as requested by the graduand on the Application to Graduate form.

Family Names

(114) A graduand may have both his or her married family name and former family name on the testamur as a hyphenated name (Smith-Jones) but not in the form "Smith nee Jones".

(115) A graduand who, during his or her enrolment with the University has been recorded on the enrolment system
