

Support for Students Policy

Section 1 - Purpose

- (1) Charles Sturt University (the University) is committed to ensuring that its students are provided with the support and resources required to assist them to be successful in their studies.
- (2) This policy provides information about the support available to assist students to successfully complete their subjects and courses, and the University's processes for ensuring that students are aware of these support options. It outlines how the University identifies and supports students who are at risk of not successfully completing their subjects and courses.
- (3) This policy supports compliance with:
- [Higher Education Support Act 2003 \(Cth\)](#)
 - [Higher Education Standards Framework \(Threshold Standards\) 2021](#)
 - [National Code of Practice for Providers of Education and Training to Overseas Students 2018](#)

Scope

- (4) This policy:
- applies to all students enrolled in an award course at Charles Sturt University, including higher degree by research candidates and students studying through partner institutions
 - does not apply to students enrolled in non-award courses.

Section 2 - Policy

Part A - Support services available to students

- (5) The University is committed to providing supportive student pathways for aspiration, equity and diversity. All staff, faculties and organisational units work collaboratively to enliven the University's ethos, values and strategies, and enable students to pursue their academic goals.
- (6) Students are informed of available support services through onboarding and orientation programs and throughout their student journey.
- (7) Students are reminded of upcoming census dates (when they will incur a HECS-HELP or FEE-HELP debt) and the support services available to them leading up to the census date.
- (8) When students report non-academic issues that may adversely affect their study, they are advised of options for special consideration or reasonable adjustments and/or connected with other relevant support services.
- (9) Where appropriate, systems are used to cross-reference student interactions with the University to further identify students at risk of not successfully completing their subjects or courses and connect them with academic or other

support.

(10) The [Support services directory](#) provides students with access to non-academic support services including, but not limited to, mental health and wellbeing support and career planning and employability support. Other information, targeted programs and curriculum-embedded skills development supports student participation and success in their studies. These arrangements are inclusive of all students and acknowledges support needs for those from diverse backgrounds, including First Nations students and students with disability. The table below provides a summary of these.
